

Standardized Lighting Technology *that is Light Years Ahead!*

When it comes to viewing accurate, true color, all light is not equal. In fact, the wrong light can alter the appearance of your proofs, creating costly production errors. The exceptional quality of JUST Normlicht's Philips OCM-certified* **Daylight 5000 proGraphic Fluorescent Tubes** sheds true light on your workstation, dramatically reducing the need for extra work and multiple corrections.

The proof is in the tubes.

The **Daylight 5000 proGraphic Fluorescent Tubes** illuminate colors with crystal clarity. The only fluorescent tubes on the market to be produced with the innovative 4-band technology, they achieve unparalleled spectral qualities for accurate color proofing every time.

Daylight 5000 proGraphic Fluorescent Tube

Dedicated to providing standardized lighting technology that is anything but standard, JUST Normlicht's Daylight 5000 proGraphic fluorescent tubes, with D50 color quality, highlight even the smallest color subtleties and achieve complete compliance with the critical demands of ISO 3664:2000.

A must for graphic arts professionals who would benefit from the most precise color accuracy, Daylight 5000 proGraphic Fluorescent Tubes are:

- Manufactured to meet and exceed ISO 3664:2000
- Independently certified to meet the stringent tolerances of JUST Normlicht that exceed ISO standards
- Produced with 4-band technology to significantly improve spectral properties
- Developed with 4 phosphors for consistent replication of D50 light curve
- Environmentally friendly with less than 5 mg of mercury in each tube
- Rated at the highest Color Rendering Index > 98 in the Graphic Arts and Photo Industry
- Standardized D50-5000 Kelvin lighting
- Rated with a metamerism index far lower than 1

About JUST Normlicht

As the leading worldwide manufacturer of color matching systems, JUST Normlicht has been meeting the demanding needs of the graphic arts industry since 1970. The name, one of the most trusted in the industry, has become synonymous with innovation, unique design, and a commitment to excellence. Headquartered in Germany, JUST Normlicht maintains satellite offices and warehouses in the United States and around the world.
